2004

- Selected as 1 of 58 prominent enterprises by The Bangkok Post

FACTORY PROFILE

Location

999 Moo 3, Nikompattana, Nikompattana, Rayong 21180, Thailand

Area

120,000 Sq.M.

Production capacity

10,000 tons of compound/year, 20 million meters of long length hose and mandrel-built hose/year

Highlighted facilities

Compounding process

Environmental friendly

Long length hose production

Continuous production process

Mandrel-built hose production

Internal diameter at a maximum of 1.8 m and for internal diameter of 1 – 6 inch at 60 m

Moulded products & Hose products

Capable of supplying to OEM manufacturers (IATF 16949: 2016)

Product Certification

EN (European Norm)

ISO (International Organization for Standardization)

SABS (South African Bureau of Standardization)

TIS (Thai Industrial Standards)

UL (Underwriters Laboratory)

ENVIRONMENTAL MANAGEMENT

2018

- 3Rs Award: Industrial Waste Management (Reuse, Reduce and Recycle) by the Ministry of Industry
- Solar energy system installed production
